Covering the orientations	
column of the document "Comm	f the document "Technology configuration inventory" table with the right-hand unity characteristics & orientation" table. What do you notice about the match (or int community orientations and the current configuration of tools?
How well does the technology inventory cover the orientations? What themes emerged from both the community orientations and the technology configuration from your colleagues' notes	The technology inventory of the RLBC favors individual over group-based orientations. The technology that the RLBC has been adopting is further individualizing the community rather than strengthening it.
☐ Are you almost there?☑ Are there big gaps?	The gap between orientations isn't drastic.
What is the range of skills? If their interests and/or skills are diverse, could it cause conflict or distraction?	
Achieving integration	
Look at all the pieces of your con	figuration
What level of integration and interoperability has been achieved?	
Where are there big gaps	
Balancing the polarities (Current	state)
How is the configuration balanced with respect to each polarity?
